

1. Seat

Ticket Example: 06 车 02A 号 refers to Carriage 6, Row 2, Seat A (Before entering the station, we will give you *Trip Information Reminders* below)

Row numbers: below overhead racks

2. Luggage Storage

- **Small carry-on bags (backpacks, handbags, small suitcases, etc.)**

Place them on the overhead luggage racks above your seats.

- **Large suitcases (24–28 inch rolling luggage, large travel bags, etc.)**

Place them in the designated luggage storage areas inside the carriage, usually located at the front or back ends of the carriage. Some trains also provide space behind the last row of seats for larger suitcases.

Notes:

- Keep valuable items such as passports, wallets, phones, cameras, and laptops with you at all times.
- Do not place luggage in aisles, near carriage doors, or emergency equipment areas, as these spaces must remain clear for passenger movement and safety.
- For long journeys, consider attaching a name tag to your luggage to make it easier to identify.
